RE: FCC Petition for Waiver  
**FRN #: 0027182872**

To whom it may concern,

Rhema Word Christian Academy is a private, non-profit, K-12 school that provides education for inner city students in Broward County Florida. Recently, our school received knowledge of the E-Rate program, its requirements and the great benefits it affords to schools. In attempts to submit the appropriate information needed to setup an account, submit request for funding, wait the required time for bids, and finalize contracts with approved vendors, we missed the window to submit the 471 form on time. In light of all of this, we are requesting a waiver from the FCC that will allow the E-Rate program to consider our 471 submission outside of the time window. Any help with this matter would be a great help to our school as we endeavor to "create world changers".

Should you have any questions, please feel free to contact me.

Thank you for your attention to this matter,
